NASHVILLE Electric Water Cure.

THE undersigned has taken the large House on the hill in South Nashville, at the head of Front street, known as the Rutledge property, where he has established a comfortable home for invalids, and provided ample means for their restoration to health. Patients from the country and strangers taken sick in the city can find gentle nursing and appropriate medi-cal attendance. Our treatment in Chronic Diseases consists of Water Electricity, and the most effective medicine and Homospathy in all Acute and Febrile Diseases, and in all cases our charges will be mode-rate and to suit the times. rate and to suit the times.

The institution is located in a field of 17 acres, cor taining line shade trees and pleasant grounds for exer-cise for convalescents. From the house, we have the finest prespective riew of the city, Cumberland river,

and surrounding country, afforded in any other part of the city.

As far as regards our success in practice in the heal ing art, we will only say we have now been in Nash-ville one year, and our register will show the names of over 150 patients, trefted for various diseases, most of them hopless cases of Chronic Diseases, and 31 of whom were confirmed cases of Consumption and out of the whole number of 150 odd cases treat and out of the whole number of 190 old cases treated, only 6 have died, all of whom were given up as hopeless before I saw them, and every one of the rest have been cured, or at least greatly benefitted.

For the protection of others, we can receive into this institution no patients having contagious diseases, but will attend to such at other places. Family practice strended to as usual.

well-known citizen to the editor of the Republican Banner, of Dec. 30th, 1860: Ms. Eoros: Having been afflicted for some mouths past, as is known by my many sequantiances, with an attack of paralysis, and having received a benefit so decided from the use of electrical baths, given me by Dr. Westerveit, I have thought it due to those similarly situated with myself, to make this publication. I was decidedly convalescent when I began to use the baths, but the benefit derived from them has been so positive that there could be no mistaking the cause. I am now able to use my fingers and my arms, which were entirely helpless, almost, if not quite, as well as

The common belief that much of the uncertainty of Medical Practice arises from the bad quality of Medical substances, seems to acquire daily confirmation. Through faulty preparation and commercial competition, many preparations formerly regarded as of primary importance are gradually going out of use, while others produce effects and cause accidents that do not properly belong to them as described in the Pharmacopea. New remedies, as suggested and offered for trial are often found so imperfect, and varying so much in chemical character and strength that they are either condemned or received upon false premises, both equally at variance with the proper progress in therapeuties; whilst most practitioners daily feel that the Materia Medica is not rich enough either to lose its old remedies, or to sacrifice opportunities of acquiring new ones. A proper appreciation of these facts warrant the Subscribers in manufacturing and vending none but First Class Standard Preparations, with direct reference to the necessities of the profession and the requirements of the Pharmacopea. Our Chemicals, Powders, Tinctures, Essential Oils, and in fact all of our Medicinal Preparations are selected and compounded with a view to the quality only, without regard to price. In Perfumery, Variety Goods, Patent Nostrums, &c., we endewwort to please all tastes.
